Subject Index, 1998

A

1998 AAAP Awards 621
adenovirus
  group 1, associated with hydropericardium syndrome in broilers 606
adhesins
  occurrence of ambient temperature-regulated adhesins among avian *Escherichia coli* isolates 106
air sac lavage fluid
  cytologic evaluation in turkeys 35
  procedures for processing 20
airsacculitis
  lipopolysaccharide and conidia-induced pulmonary lesions 770
  procedures for processing air sac lavage fluid 20
  susceptibility of convalescent turkeys to pulmonary aspergillosis 787
albatross
  Laysan, necrotizing enteritis in chicks 1
alphavirus
  antibodies in sparrows 179
ammonia
  effect of Poultry Litter Treatment® on death from ascites in broilers 385
amyloidosis
  in Japanese quail 209
anatomy
  endoscopic findings of the thoracic air sac in turkeys 179
anhinga
  characterization of Newcastle disease virus field isolates and comparison with reference strains 507
Anseriformes
  avian paramyxoviruses serotype 3 in captive birds 418
antibiotics
  antimicrobial resistance and minimum inhibitory concentrations in bustards 690
antibody absorption
  in chicks infected with *Enterococcus faecalis* 359
antibody response
  response of chicken sera to infectious bursal disease viral proteins 80
  to chlamydial infection in turkeys 53
antibody titers
  against *Pasteurella multocida* in serum and egg yolk of vaccinated laying hens 186
  effects of diet on humoral response to sheep red blood cells 565
  serologic profile of broilers vaccinated with live *Pasteurella multocida* 190
anticoagulant
  use in collecting air sac lavage fluid 20
antinucleoprotein antibodies
  antibody response of emus to avian influenza virus 757
apoptosis
  cell death in tibial dyschondroplasia 72
arbovirus
  antibodies in sparrows 182
ascites
  effect of Poultry Litter Treatment® on mortality in broilers 385
Aspergillus fumigatus
  pulmonary lesions induced by nonviable spores 770
  susceptibility of convalescent turkeys to pulmonary aspergillosis 787
ataxia
  cartilaginous emboli in spinal cord of turkeys, case report 423
attenuation
  of mutant strains of *Escherichia coli* 698
auditory tonsil
  scanning electron microscopic view in turkey 796
Australia
  detection of *Eimeria* species using polymerase chain reaction 119
avian adenovirus
  associated with inclusion body tracheitis in turkeys 589
avian encephalomyelitis
  historical account of control methods 632
avian influenza (*see* avian influenza virus)
avian influenza virus
  antibody response of emus 757
  competitive enzyme-linked immunosorbent assay for detection of type A antibodies 28
  competitive enzyme-linked immunosorbent assay for detection of nucleoprotein 517
  oral immunization against 486
  sensitivity and specificity of a commercial antigen-capture enzyme immunoassay (*Directigen*® Flu A test) 791
avian leukosis virus
  subgroup A, response of chicks carrying germline insert *ALVA11* to challenge 781
  subgroup J, detection using polymerase chain reaction 375
avian paramyxovirus
  characterization of Newcastle disease virus field isolates and comparison with reference strains 507
  serotype 3, clinical signs, pathology, and antigenic characterization 418
  serotype 3, isolation from caged birds in Israel 829
avian pneumovirus
  serologic evidence of infection in Chile 815
Aviguard®

prevention of *Clostridium perfringens*–associated necrotizing enteritis 579

B

baculovirus
antigenicity and immunogenicity of baculovirus-expressed infectious bursal disease viral proteins 80
used to develop competitive enzyme-linked immunosorbent assay for detection of avian influenza 28
biogenic amines
effects in broiler chickens 199
Bordetella avium
bacterin-induced protection of turkeys against fowl cholera following infection 752
Bordetella avium–challenged turkey poults treated with novel oxyhalogen formulation 140
bordetellosis (*see* turkey coryza)
Botswana
impaction of the stomach with sand in ostriches 597
broilers
effect of competitive exclusion culture on mortality and fowl typhoid transmission 651
effect of feed withdrawal on *Campylobacter* in crops of market-age broilers 802
effect of Poultry Litter Treatment® on death from ascites 385
effect of tibial dyschondroplasia on growth and cancellous bone mechanical properties 162
effects of biogenic amines 199
hydropericardium syndrome 606
inflammation of chicken bronchi associated with dust and warm temperature 225
microbial prevention of *Clostridium perfringens*–associated necrotizing enteritis 579
postmortem detection of septicemia 452
shedding and colonization of *Campylobacter jejuni* 732
trends in incidence of cellulitis from 1986 to 1996 285
bronchial inflammation
associated with barn dust and warm temperature 225
bunyavirus
antibodies in sparrows 179
bursa of Fabricius
atrophy associated with virulent strains of Marek's disease 131
detection and amplification of infectious bursal disease virus RNA 480
bustards
antimicrobial resistance and minimum inhibitory concentrations 690

C

Cacatua moluccensis
cystadenocarcinoma, case report 408
cadaverine
effects on broilers 199
California egg ranches
survey of manure piles for *Salmonella* 67
Campylobacter
effect of feed withdrawal in the crops of market-age broilers 802
Campylobacter jejuni
shedding and colonization in broilers 732
cancellous bone
in broilers, effect of tibial dyschondroplasia on properties of 162
cartilaginous emboli
in spinal cord of turkeys, case report 423
cecum
colonization of *Campylobacter jejuni* in broilers 732
cell counting
counting heterophils in chemotaxis 812
cellulitis
in broiler chickens, epidemiological trends from 1986 to 1996 285
chemotaxis
counting heterophils 812
chicken
airborne transmission of *Salmonella enteriditis* in a controlled environment 315
antibodies to infectious bronchitis virus in chicken tears 364
application of flagella-based immunoassays for detection of *Salmonella pullorum* 807
characterization of Newcastle disease virus field isolates and comparison with reference strains 507
comparison of *Salmonella typhimurium* challenge models in chickens 257
detection of avian leukosis virus subgroup J 375
effect of tibial dyschondroplasia on broiler growth and cancellous bone mechanical properties 162
free-range, single vaccination regime against Newcastle disease 173
genetic heterogeneity in strains of infectious bursal disease virus 321
historical account of control methods for avian encephalomyelitis 632
latent herpesvirus infection in lymphoid, nervous, and feather tissues 292
lymphokine-mediated resistance to *Salmonella enteriditis* organ invasion in day-old chickens 545
potential for transmission of *Mycoplasma gallisepticum* from house finch 352
pulmonary sarcoma in a young chicken, case study 824
serum and egg yolk antibody titers in laying hens vaccinated against *Pasteurella multocida* 186

sodium sesquicarbonate toxicity in 215
use of concurrent oil emulsion and live virus regime against Newcastle disease in 173
vaccination against *Ornithobacterium rhinotracheale* 572
vaccination to displace virulent *Mycoplasma gallisepticum* in 300
variability in resistance to *Salmonella enteriditis* in four chicken lines 462
white leghorn, *Pasteurella multocida* infection involving cranial air spaces 413
chicken anemia virus
storage and resuscitation of MDCC-MSB1 cells 168
chicken lymphoma
adhesion inhibition of *Mycoplasma iowae* to DT40 cells 721
Chile
serologic evidence of pneumovirus antibodies 815
China
sequence analysis of nine infectious bursal disease virus isolates 762
seven isolates of infectious bursal disease virus from 340
Chlamydia psittaci
response of turkeys to infection and reinfection 53
cholera
infection involving cranial air spaces in white leghorn chickens 413
chondrocyte changes
in tibial dyschondroplasia 72
Ciconiiformes
avian paramyxoviruses serotype 3 in captive birds 418
Clostridium perfringens–associated necrotizing enteritis
microbial prevention 579
coccidiosis
detection of *Eimeria* species using polymerase chain reaction 119
genetic influence on nitric oxide production during infection in chickens 397
inhibitory effect of chIFN-γ 307
cockatoo
cystadenocarcinoma in a Moluccan cockatoo, case report 408
colibacillosis
mutation rate of avian coliform bacteria when pressured with fluoroquinolones 146
competitive exclusion culture
effect of Preempt™ on mortality and transmission of *Salmonella gallinarum* 651
concanavalin A
inhibition of *Eimeria* development by interferon gamma–activated macrophages and fibroblasts 239
Coturnix coturnix
fowl cholera in 204
cranial cholera
infection involving cranial air spaces in white leghorn chickens 413
curli
occurrence of curli gene sequences among avian *Escherichia coli* isolates 106
cystadenocarcinoma
in a Moluccan cockatoo 408
cytokine
interferon gamma–mediated inhibition of *Eimeria* development 307
cytology
of thoracic air sacs of turkeys 35
procedures for processing avian air sac lavage fluid 20

D

dehydration
in Laysan albatross chicks on Midway Atoll 1
diagnosis
detection of *Eimeria* species using polymerase chain reaction 119
of infectious bronchitis viruses using dot-immunoblotting 92
diet
effects on growth and humoral response to sheep red blood cells 565
Diomedea immutabilis
necrotizing enteritis in chicks 1
Directigen® Flu A test
sensitivity and specificity of a commercial antigen-capture enzyme immunoassay 791
disease transmission
airborne transmission of *Salmonella enteriditis* in chickens 45
potential for transmission of *Mycoplasma gallisepticum* from house finch to chickens 352
DNA fingerprinting
of *Riemerella anatipestifer* 101
DNA fragmentation
to determine chondrocyte apoptosis in tibial dyschondroplasia 72
DNA sequencing
of goose and Muscovy duck parvovirus 133
dot-immunoblotting assay
to detect and classify infectious bronchitis viruses in embryonated chicken eggs 92
drag-swabbing
comparison of *Salmonella* isolation from foot covers *vs.* drag-swabbing 381
for *Salmonella* in manure piles at California egg ranches 67
Dromaius novaehollandiae
antibody response to avian influenza virus 757
duck enteritis virus
detection by polymerase chain reaction 554
duck herpesvirus

detection of duck enteritis virus by polymerase chain reaction 554
dust
inflammation of chicken bronchi associated with dust and warm temperature 225

E

early detection
of Newcastle disease antibodies in chickens 14
egg contamination
changes in microflora of cloaca and oviduct of hens after inoculation with *Salmonella enteriditis* 536
reduced contamination by *Salmonella enteriditis* following increased number of heterophil adaptations 585
reduction of contamination by serial passage of wild-type *Salmonella enteriditis* 6
egg yolk
antibody titers from laying chickens vaccinated against *Pasteurella multocida* 186
Eimeria acervulina
detection using polymerase chain reaction 119
Eimeria tenella
genetic influence on nitric oxide production during infection in chickens 397
inhibition of development mediated by interferon gamma–activated macrophages and fibroblasts 239
interferon gamma–mediated inhibition of *Eimeria* development 307
electron microscopy
ultrastructure of developing air sacs in turkeys 35
embryo-susceptibility tests
history of control methods for avian encephalomyelitis 632
emus
antibody response to avian influenza virus 757
encephalomalacia associated with vitamin E deficiency in emus 600
encephalomalacia
associated with vitamin E deficiency in emus 600
endoscopy
of the thoracic air sac in turkeys 179
endotoxin
lipopolysaccharide and conidia-induced pulmonary lesions 770
enrofloxacin
minimum inhibitory concentration against *Mycoplasma gallisepticum* 738
mutation rate of avian coliform bacteria when pressured with 146
enteritis
in turkey poults, *in vitro* propagation of stunting syndrome agent 657
microsporidiosis in a young ostrich 832
necrotizing, in Laysan albatross chicks on Midway Atoll, Hawaii 1
Enterococcus faecalis
yolk sac contamination and antibody absorption in chicks 359
enzyme immunoassay
sensitivity and specificity of *Directigen*® Flu A test compared with virus isolation 791
enzyme-linked immunosorbent assay (ELISA)
ability to detect *Mycoplasma synoviae* 230
competitive ELISA for detection of antibodies to type A avian influenza virus nucleoprotein 517
competitive ELISA for detection of avian influenza antibodies 28
dot blot ELISA for serodiagnosis of Newcastle disease 14
response of chicken sera to infectious bursal disease viral proteins 80
to detect antibodies to infectious bronchitis virus in chicken tears 364
epidemiology
DNA fingerprinting of *Riemerella anatipestifer* 101
molecular typing of *Escherichia coli* isolates 431
restriction fragment length polymorphism analysis of virulent strains of infectious bursal disease virus 470
trends in incidence of cellulitis in broiler chickens from 1986 to 1996 285
epizootiology
enteritis in Laysan albatross chicks on Midway Atoll 1
of avian encephalomyelitis 632
eradication
of *Mycoplasma gallisepticum* using live ts-11 on a commercial layer farm 404
Escherichia coli
ambient temperature–regulated adhesins, curli, and *tsh* in avian *E. coli* 106
construction and characterization of *cya crp* mutants 698
effect of plasmid-transformed *E. coli* (*E. coli* Av+pHK11) on colonization of chicken trachea 194
molecular typing of isolates using random amplification of polymorphic DNA 431
mutation rate when pressured with fluoroquinolones 146
postmortem detection of septicemia in broilers 452
experimental models
comparison of *Salmonella typhimurium* challenge models in chickens 257

F

fasting
role in airborne transmission of *Salmonella enteriditis* 45
fibroblasts
interferon gamma–activated, anti-*Eimeria* activity 239

field evaluation
of temperature-sensitive clone of *Mycoplasma synoviae* as a live vaccine 682
flagella
application of flagella-based immunoassays for detection of *Salmonella pullorum* 807
flavivirus
antibodies in sparrows 179
fluoroquinolones
mutation rate of avian coliform bacteria when pressured with 146
food safety
effects of feed withdrawal on *Campylobacter* in the crops of market-age broilers 802
effects of heterophil-adapted *Salmonella enteriditis* on fecal shedding and egg contamination 6
postmortem detection of septicemia in broilers 452
shedding and colonization of *Campylobacter jejuni* in broilers 732
trends in incidence of cellulitis in broiler chickens from 1986 to 1996 285
foot covers
comparison of *Salmonella* isolation from foot covers *vs.* drag-swabbing 381
fowl cholera
bacterin-induced protection of turkeys following infection with *Bordetella avium* 752
infection involving cranial air spaces in white leghorn chickens 413
serologic profile of broilers vaccinated with live *Pasteurella multocida* 190
subacute and chronic manifestations in Pharaoh breeder quail 204
fowl typhoid
effect of competitive exclusion culture on mortality and pathogen transmission in broilers 651

G

geese
avian paramyxoviruses serotype 3 in captive Egyptian geese in Israel 418
genetics
coding region of segment A of infectious bursal disease virus isolate, comparison with other isolates 497
construction and characterization of *Escherichia coli cya crp* mutants 698
heterogeneity in strains of infectious bursal disease 321
influence on nitric oxide production during coccidiosis in chickens 397
variability in resistance to *Salmonella enteriditis* in four chicken lines 462
glycoprotein B
expression in turkey herpesvirus 292
goose parvovirus
detection of strain differences using polymerase chain reaction–restriction enzyme fragment length polymorphism 133
growth
in broilers, effect of tibial dyschondroplasia on 162

H

H5N2 influenza virus
efficacy of inactivated vaccines against a highly pathogenic strain (A/Chicken/Queretaro/19/95) 248
hemagglutinin
occurrence of *tsh* gene sequences among avian *Escherichia coli* isolates 106
hematology
reference values in Psittacine birds 523
hepatitis
Salmonella arizonae in liver of a sulfur crested cockatoo 818
heterophils
effects of heterophil-adapted *Salmonella enteriditis* on fecal shedding and egg contamination 6
in turkey air sacs 35
method of counting in chemotaxis 812
reduced fecal shedding and egg contamination of *Salmonella enteriditis* following multiple adaptations 585
histamine
effects on broilers 199
histology
of amyloid in Japanese quail 209
of thoracic air sacs of turkeys 35
history
early history of infectious bronchitis 648
historical account of avian encephalomyelitis 632
Holland
restriction fragment length polymorphism analysis of virulent strains of infectious bursal disease virus 470
house finch
potential for transmission of *Mycoplasma gallisepticum* from house finch to chickens 352
humoral immune response
effects of diet on response to sheep red blood cells 565
to chlamydial infection in turkeys 53
hydropericardium syndrome
in adult broilers and broiler chicks 606

I

iguana
Salmonella arizonae in a sulfur crested cockatoo associated with presence of iguanas 818
immune response
antibodies to infectious bronchitis virus in chicken tears 364

bacterin-induced protection of turkeys against fowl cholera following infection with *Bordetella avium* 752
development of antinucleoprotein antibodies in emus infected with avian influenza virus 757
immune system alterations associated with poult enteritis and mortality syndrome 711
inhibitory effect of chIFN-γ against *Eimeria* 307
kinetics and magnitude of mucosal immune response following *Salmonella* challenge 257
immunoassay
application of flagella-based immunoassays for detection of *Salmonella pullorum* 807
immunoblot analysis
used to evaluate humoral immune response to chlamydial infection 53
immunofluorescence assay
to detect glycoprotein B in presence of turkey herpesvirus 292
immunohistochemistry
case study of pulmonary sarcoma in a young chicken 824
of amyloid in Japanese quail 209
immunorheophoresis
for diagnosis of infectious bursal disease 388
immunosuppression
relationship to virulence in Marek's disease 124
in vitro propagation
of stunting syndrome agent 657
inclusion body tracheitis
associated with adenovirus in turkeys 589
infectious bronchitis virus
antibodies in tears and relationship to immunity 364
detection and classification using dot-immunoblotting assay 92
early history 648
Georgia variant, isolation from a Kentucky broiler complex 613
serotype identification using reverse transcriptase polymerase chain reaction 275
infectious bursal disease virus (IBDV)
antigenicity and immunogenicity of baculovirus-expressed IBDV viral proteins 80
coding region of segment A of a very virulent isolate, comparison with other isolates 497
detection and amplification of IBDV RNA in the bursa of Fabricius 480
genetic heterogeneity in strains of 321
immunorheophoresis for diagnosis 388
molecular characterization of seven Chinese isolates 340
restriction fragment length polymorphism analysis of virulent strains 470
sequence analysis of nine isolates from China 762
interferon gamma
inhibition of *Eimeria tenella* development 239, 307
intestinal bioproducts
prevention of *Clostridium perfringens*–associated necrotizing enteritis 579
intravenous inoculation
variability in resistance to *Salmonella enteriditis* in four chicken lines 462
Israel
avian serotype 3 paramyxoviruses in captive birds 418
isolation of avian serotype 3 paramyxoviruses from caged birds 829

K

Kansas
serologic evidence of disease in wild turkeys 393
Kentucky
isolation of Georgia variant infectious bronchitis virus 613
Korea
detection and classification of infectious bronchitis viruses isolated in 92

L

Lactobacillus
changes in microflora of cloaca and oviduct of hens after inoculation with *Salmonella enteriditis* 536
latency
latent turkey herpesvirus infection in chicken tissues 292
laying hens
changes in microflora of cloaca and oviduct after inoculation with *Salmonella enteriditis* 536
lincomycin/spectinomyin
minimum inhibitory concentration against *Mycoplasma gallisepticum* 738
lipopolysaccharide
pulmonary lesions induced by *Pasteurella multocida* lipopolysaccharides 770
litter
effect of Poultry Litter Treatment® on mortality from ascites in broilers 385
lymphocytes
immune system alterations associated with poult enteritis and mortality syndrome 711
lymphokines
T cell–produced, resistance to *Salmonella enteriditis* organ invasion in treated day-old turkeys and chickens 545

M

macrophage
immune system alterations associated with poult enteritis and mortality syndrome 711
interferon gamma–activated, anti-*Eimeria* activity 239
maltase activity, intestinal
in stunting syndrome agent–inoculated turkey poults 657

Marek's disease virus
immunosuppressive properties and virulence of three pathotypes 124
MDCC-MSB1 cell line
recommended storage and resuscitation conditions 168
Meleagris gallopavo
serologic evidence of disease in wild turkeys in Kansas 393
N^G-methyl-L-arginine
genetic influence on inhibition of induced nitric oxide synthase 397
S-methylisothiourea
genetic influence on inhibition of induced nitric oxide synthase 397
Mexico
efficacy of inactivated H5N2 influenza vaccines 248
microflora
changes induced by inoculation with *Salmonella enteriditis* 536
use of competitive exclusion in prevention of *Clostridium perfringens*–associated necrotizing enteritis 579
microsporidiosis
in a young ostrich 832
Midway Atoll, Hawaii
necrotizing enteritis in Laysan albatross chicks on 1
minimum inhibitory concentration
of bacteria isolated from bustards in the United Arab Emirates 690
of valnemulin and four other antimicrobials 738
molting
role in airborne transmission of *Salmonella enteriditis* 45
monoclonal antibodies
adhesion inhibition of *Mycoplasma iowae* to chicken lymphoma DT40 cells 721
characterization of Newcastle disease virus field isolates and comparison with reference strains 507
used in dot-immunoblotting to detect and classify infectious bronchitis viruses 92
mononuclear phagocytic system
alterations associated with poult enteritis and mortality syndrome 711
mouth breathing
in broiler chickens, associated with barn temperature 225
Muscovy duck parvovirus
detection of strain differences using polymerase chain reaction–restriction enzyme fragment length polymorphism 133
mutagenesis
production of temperature-sensitive *Mycoplasma synoviae* clones for live vaccine 667
mutation
construction and characterization of *Escherichia coli cya crp* mutants 698
Mycoplasma
incidence in wild turkeys in Kansas 393
Mycoplasma gallisepticum
ability of F strain vaccine to replace virulent strain 300
comparison study of antimycoplasma agents 738
eradication using live ts-11 on a commercial layer farm 404
minimum inhibitory concentrations of valnemulin and four other antimicrobials 738
potential for transmission of finch strain to chickens 352
Mycoplasma iowae
adhesion inhibition to chicken lymphoma DT40 cells 721
Mycoplasma synoviae
delayed serologic response to 230
efficacy of temperature-sensitive live vaccine 671
field evaluation of temperature-sensitive live vaccine 682
production of temperature-sensitive clones for live vaccine 667
safety of temperature-sensitive clone as live vaccine 677
transmission rates of different strains 230
myeloid leukosis
detection of avian leukosis virus subgroup J 375
myelomalacia
cartilaginous emboli in spinal cord of turkeys, case report 423

N

nalidixic acid
mutation rate of avian coliform bacteria when pressured with 146
necrotizing enteritis
Clostridium perfringens–associated, microbial prevention in broilers 579
neoplasia
cystadenocarcinoma in a Moluccan cockatoo, case report 408
nephrotoxin
sodium sesquicarbonate toxicity in chickens 215
neurological disease
encephalomalacia associated with vitamin E deficiency in emus 600
Newcastle disease (*see* Newcastle disease virus)
Newcastle disease virus
characterization of field isolates and comparison with reference strains 507
concurrent oil emulsion and live virus vaccination regime for use in chickens 173
enzyme-linked immunosorbent assay for detection in chickens 14
molecular characterization of an Israeli isolate 746

yolk sac contamination and antibody absorption in chicks 359
nitric oxide
genetic influence on production in setting of coccidiosis 397
nucleoprotein
competitive enzyme-linked immunosorbent assay for detection of antibodies to type A avian influenza virus nucleoprotein 517

O

oral immunization
against avian influenza 486
Ornithobacterium rhinotracheale
disease-free area in Kentucky 613
in turkey flocks in the upper Midwest 219
reproduction of disease in turkeys 154
vaccination of chickens 572
ostrich
impaction of the stomach with sand 597
microsporidiosis in a young ostrich 832
oxy-halogen
improvement in *Bordetella avium*–challenged poults following administration of new formula 140

P

parasite
adhesion inhibition of *Mycoplasma iowae* to chicken lymphoma DT40 cells 721
paresis
cartilaginous emboli in spinal cord of turkeys, case report 423
parrot
characterization of Newcastle disease virus field isolates and comparison with reference strains 507
passerines
isolation of avian serotype 3 paramyxoviruses from caged birds 829
Pasteurella multocida
arbitrarily primed polymerase chain reaction used to differentiate variants in turkeys 265
auditory tonsil in turkey as possible site of immunization for fowl cholera 796
bacterin-induced protection of turkeys following infection with *Bordetella avium* 752
in a flock of Pharaoh breeder quail 204
infection involving cranial air spaces in white leghorn chickens 413
postmortem detection of septicemia in broilers 452
pulmonary lesions induced by *P. multocida* lipopolysaccharides 770
serologic profile of broilers vaccinated with live vaccine 190
serum and egg yolk antibody titers in vaccinated laying hens 186
pasteurellosis (*see* fowl cholera)
pathogenicity
characterization of Newcastle disease virus field isolates and comparison with reference strains 507
pathology
pathogenesis of avian encephalomyelitis 632
reproduction of *Ornithobacterium rhinotracheale* infection in turkeys 154
pathotyping
of an Israeli Newcastle disease virus isolate 746
pet shop
Salmonella arizonae in a sulfur crested cockatoo associated with presence of iguanas 818
phenylethylamine
effects on broilers 199
picornavirus
historical account of avian encephalomyelitis 632
plasma chemistry
reference values in Psittacine birds 523
pneumonia
pulmonary lesions induced by lipopolysaccharides and conidia 770
susceptibility of convalescent turkeys to pulmonary aspergillosis 787
Poland
antibodies to arboviruses in sparrows 179
polymerase chain reaction (PCR)
ability to detect *Mycoplasma synoviae* 230
arbitrarily primed, used to differentiate *Pasteurella multocida* variants in turkeys 265
detection and amplification of infectious bursal disease virus RNA in the bursa of Fabricius 480
detection of avian leukosis virus subgroup J 375
detection of duck enteritis virus 554
detection of *Eimeria acervulina* using 119
detection of goose and Muscovy duck parvovirus using PCR–restriction enzyme fragment length polymorphism 133
detection of hemagglutinin and curli genes using 108
reverse transcriptase, for serotype identification of avian infectious bronchitis virus 275
polypeptide
monoclonal antibody reacting with 65-kD polypeptide to inhibit adhesion of *Mycoplasma iowae* 721
poult enteritis and mortality syndrome
immune system alterations in exposed turkey poults 711
Poultry Litter Treatment®
effect on litter moisture, litter nitrogen, atmospheric ammonia, and death due to ascites 385
Preempt™
effect on mortality and transmission of *Salmonella gallinarum* 651
Psittaciformes

hematologic and plasma chemistry values 523
isolation of avian serotype 3 paramyxoviruses from caged birds 829
public health
trends in incidence of cellulitis in broiler chickens from 1986 to 1996 285
putrescine
effects on broilers 199

Q

quail
amyloidosis in Japanese quail 209
fowl cholera in a flock of Pharaoh breeder quail 204

R

random amplification of polymorphic DNA
molecular typing of *Escherichia coli* isolates 431
rapid amplified polymorphic DNA
used to identify strains of *Mycoplasma gallisepticum* 300
recombinant chicken interferon gamma
Eimeria protection mediated by 307
recombinant plasmid pHK11
colonization of chicken trachea by *Escherichia coli* transformed with 194
reference values
hematologic and plasma chemistry values in Psittacine birds 523
resistance
antimicrobial resistance in bustards in the United Arab Emirates 690
response of chicks carrying germline insert *ALVA11* to challenge with avian leukosis virus 781
respiratory disease
early history of infectious bronchitis 648
lipopolysaccharide and conidia-induced pulmonary lesions 770
Ornithobacterium rhinotracheale in turkeys in the upper Midwest 219
reproduction of *Ornithobacterium rhinotracheale* infection in turkey 154
susceptibility of convalescent turkeys to pulmonary aspergillosis 787
temperature-sensitive clone of *Mycoplasma synoviae* as a live vaccine 667, 671, 677, 682
vaccination of chickens against *Ornithobacterium rhinotracheale* 572
restriction endonucleases
for use in DNA fingerprinting of *Riemerella anatipestifer* 101
restriction enzyme fragment length polymorphism (RFLP)
detection of goose and Muscovy duck parvovirus using polymerase chain reaction–RFLP 133
restriction fragment length polymorphism (RFLP)
analysis of virulent strains of infectious bursal disease virus 470
molecular typing of *Escherichia coli* isolates 431
to detect genetic heterogeneity in strains of infectious bursal disease virus 321
reverse-transcriptase polymerase chain reaction
molecular characterization of an Israeli Newcastle disease virus isolate 746
to detect genetic heterogeneity in strains of infectious bursal disease virus 321
rhea
characterization of Newcastle disease virus field isolates and comparison with reference strains 507
Riemerella anatipestifer
DNA fingerprinting 101
RLP-42
response of chicks carrying germline insert *ALVA11* to challenge 781

S

Salmonella
comparison of isolation from foot covers *vs.* drag-swabbing 381
mutation rate when pressured with fluoroquinolones 146
survey of California egg ranches by drag-swabbing manure piles 67
Salmonella arizonae
in a sulfur crested cockatoo and in green iguanas 818
Salmonella enteriditis
airborne transmission in a controlled environment 315
airborne transmission in molted laying chickens 45
changes in microflora of cloaca and oviduct of hens after inoculation 536
effects of heterophil adaptation on fecal shedding and egg contamination 6
phage type 4, susceptibility of chickens to intravenous challenge 462
reduced fecal shedding and egg contamination following increased number of heterophil adaptations 585
resistance to organ invasion in day-old turkeys and in chickens treated with lymphokines 545
Salmonella gallinarum
effect of competitive exclusion culture on mortality and on pathogen transmission in broilers 651
Salmonella pullorum
application of flagella-based immunoassays for detection 807
incidence in wild turkeys in Kansas 393
Salmonella typhimurium
comparison of challenge models in chickens 257
sarafloxacin
mutation rate of avian coliform bacteria when pressured with 146

sarcoma
pulmonary, in a young chicken, case study 824
scanning electron microscopy
view of auditory tonsil in turkey 796
septicemia
postmortem detection in broilers 452
sequence analysis
coding region of segment A of a very virulent infectious bursal disease virus isolate 497
of nine infectious bursal disease virus isolates from China 762
sequence variation
among seven infectious bursal disease virus strains in China 340
serodiagnosis
competitive enzyme-linked immunosorbent assay for detection of antibodies to type A avian influenza virus nucleoprotein 517
of Newcastle disease antibodies in chickens 14
serology
flagella-based immunoassays for detection of *Salmonella pullorum* 807
serotype identification
of avian infectious bronchitis virus using reverse-transcriptase polymerase chain reaction 275
serum plate agglutination test (SPAT)
ability to detect *Mycoplasma synoviae* 230
value in detecting *Ornithobacterium rhinotracheale* in turkeys 154
sheep red blood cells
effects of diet on humoral response 565
sodium sesquicarbonate
toxicity in broiler chickens 215
sparrows
antibodies to arboviruses in house and tree sparrows in Poland 179
spinal cord
cartilaginous emboli in spinal cord of turkeys, case report 423
Staphylococcus aureus
postmortem detection of septicemia in broilers 452
stomach
impaction in ostriches 597
Struthio camelus
impaction of the stomach with sand 597
stunting syndrome
in vitro propagation of etiologic agent 657
sulfur crested cockatoo
detection of *Salmonella arizonae* associated with presence of iguanas 818

T

T cells
production of lymphokines protecting poultry from organ invasion by *Salmonella enteriditis* 545
Taiwan
restriction fragment length polymorphism analysis of virulent strains of infectious bursal disease virus 470
tears
antibodies to infectious bronchitis virus in chicken tears 364
temperature
effects of high *vs.* low temperature on broiler health 225
temperature-sensitive clone
efficacy of temperature-sensitive live vaccine for *Mycoplasma synoviae* 671
field evaluation of temperature-sensitive *Mycoplasma synoviae* live vaccine 682
production of *Mycoplasma synoviae* clones for live vaccine 667
safety of *Mycoplasma synoviae* clone as live vaccine 677
thoracic air sac
development in turkeys 35
gross anatomy in turkeys 179
thymus
atrophy associated with virulent strains of Marek's disease 131
tiamulin
minimum inhibitory concentration against *Mycoplasma gallisepticum* 738
tibial dyschondroplasia
cell death in 72
effect on broiler growth and cancellous bone mechanical properties 162
torticollis
Pasteurella multocida infection involving cranial air spaces 413
toxicity
of sodium sesquicarbonate in broiler chickens 215
trachea
chicken, effect of plasmid-transformed *Escherichia coli* (*E. coli* Av+pHK11) on colonization 194
tracheal epithelium
protection from bordetellosis-related damage in turkey poults treated with oxy-halogen formulation 140
transgenic chickens
response of chicks carrying germline insert *ALVA11* to challenge with avian leukosis virus 781
transmission
airborne, of *Salmonella enteriditis* in a controlled environment 315
comparison of *Salmonella typhimurium* challenge models in chickens 257
transmission electron microscopy
ultrastructure of amyloid in Japanese quail 209
trona (*see* sodium sesquicarbonate)
tsh

occurrence of *tsh* gene sequences among avian *Escherichia coli* isolates 106
Turkey
restriction fragment length polymorphism analysis of virulent strains of infectious bursal disease virus 470
turkey
arbitrarily primed polymerase chain reaction used to differentiate *Pasteurella multocida* variants in 265
avian adenovirus associated with inclusion body tracheitis 589
bacterin-induced protection against fowl cholera following infection with *Bordetella avium* 752
cartilaginous emboli in spinal cord, case report 423
characterization of Newcastle disease virus field isolates and comparison with reference strains 507
gross anatomy of thoracic air sac using endoscopy 179
histologic, ultrastructural, and cytologic characteristics of thoracic air sacs 35
immune system alterations associated with poult enteritis and mortality syndrome 711
improvement in *Bordetella avium*–challenged poults following administration of oxy-halogen formulation 140
in vitro propagation of stunting syndrome agent 657
lymphokine-mediated resistance to *Salmonella enteriditis* organ invasion in day-old turkeys 545
Ornithobacterium rhinotracheale in flocks in the upper Midwest 219
procedures for processing air sac lavage fluid 20
reproduction of *Ornithobacterium rhinotracheale* infection in 154
response to infection and reinfection with *Chlamydia psittaci* 53
scanning electron microscopic view of auditory tonsil 796
susceptibility of convalescent turkeys to pulmonary aspergillosis 787
turkey coryza
bacterin-induced protection of turkeys against fowl cholera following infection with *Bordetella avium* 752
improvement in poult performance following administration of oxy-halogen formulation 140
turkey herpesvirus
latent infection in chicken lymphoid, nervous, and feather tissues 292
turkey viral enteritis
in vitro propagation of stunting syndrome agent 657
tylosin
minimum inhibitory concentration against *Mycoplasma gallisepticum* 738

U

United Arab Emirates
antimicrobial resistance and minimum inhibitory concentrations of bacteria in bustards 690

V

vaccination
antigenicity and immunogenicity of baculovirus-expressed infectious bursal disease viral proteins 80
arbitrarily primed polymerase chain reaction used to differentiate *Pasteurella multocida* vaccine strains 265
effects of heterophil-adapted *Salmonella enteriditis* on fecal shedding and egg contamination 6
efficacy of inactivated H5N2 influenza vaccines 248
eradication of *Mycoplasma gallisepticum* using live ts-11 on a commercial layer farm 404
genetic heterogeneity in strains of infectious bursal disease virus 321
history of control methods for avian encephalomyelitis 632
of chickens against *Ornithobacterium rhinotracheale* 572
oral immunization against avian influenza with waterfowl-origin isolate 486
reduced fecal shedding and egg contamination of *Salmonella enteriditis* following increased heterophil adaptations 585
serologic profile of broilers vaccinated with live *Pasteurella multocida* 190
to displace virulent *Mycoplasma gallisepticum* 300
use of concurrent oil emulsion and live virus regime against Newcastle disease 173
vaccines
construction and characterization of *Escherichia coli cya crp* mutants 698
efficacy of temperature-sensitive live vaccine for *Mycoplasma synoviae* 671
field evaluation of temperature-sensitive *Mycoplasma synoviae* live vaccine 682
production of temperature-sensitive *Mycoplasma synoviae* clones for evaluation as live vaccine 667
safety of temperature-sensitive *Mycoplasma synoviae* clone as live vaccine 677
valnemulin
comparison with other antimicrobials 738
minimum inhibitory concentration against *Mycoplasma gallisepticum* 738
velogenic virus
molecular characterization of an Israeli Newcastle disease virus isolate 746
virulence
relationship to immunosuppression in Marek's disease 124
virus isolation

comparison with antigen-capture enzyme immunoassay for detection of avian influenza 791
vitamin E
encephalomalacia associated with vitamin E deficiency in emus 600
VP2 hypervariable region
sequence analysis of nine infectious bursal disease virus isolates from China 762

W

wild turkeys
serologic evidence of disease 393

X

D-xylose
altered absorption in stunting syndrome agent–inoculated turkey poults 657

Y

yolk sac contamination
in chicks infected with *Enterococcus faecalis* 359

UNITED STATES POSTAL SERVICE

Statement of Ownership, Management, and Circulation
(Required by 39 U.S.C. 3685)

1. Publication Title	2. Publication No.	3. Filing Date
Avian Diseases	0 3 9 - 2 0	11/18/98
4. Issue Frequency: Quarterly	5. No. of Issues Published Annually: 4	6. Annual Subscription Price: $100.00

7. Complete Mailing Address of Known Office of Publication (Street, City, County, State, and ZIP+4) (Not Printer)

Avian Diseases: AAAP, 382 West Street Road, Kennett Square, PA 19348

8. Complete Mailing Address of Headquarters or General Business Office of Publisher (Not Printer)

Same

9. Full Names and Complete Mailing Addresses of Publisher, Editor, and Managing Editor (Do Not Leave Blank)

Publisher (Name and Complete Mailing Address)

American Association of Avian Pathologists, INc. (Address Above)

Editor (Name and Complete Mailing Address)

Dr. Louis van der Heide, Dept of Fathobiology, University of Connecticut, Storrs, CT 06269

Managing Editor (Name and Complete Mailing Address)

Dr. Robert J. Eckroade, AAAP, 382 West Street Road, Kennett Square, PA 19348

10. Owner (If owned by a corporation, its name and address must be stated and also immediately thereafter the names and addresses of stockholders owning or holding 1 percent or more of the total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual must be given. If the publication is published by a nonprofit organization, its name and address must be stated.) (Do Not Leave Blank.)

Full Name	Complete Mailing Address
American Association of Avian Pathologists	382 West Street Road Kennett Square, PA 19348

11. Known Bondholders, Mortgagees, and Other Security Holders Owning or Holding 1 Percent or More of Total Amount of Bonds, Mortgages, or Other Securities. If none, check here. ☐ None

Full Name	Complete Mailing Address
none	

12. For completion by nonprofit organizations authorized to mail at special rates. The purpose, function, and nonprofit status of this organization and the exempt status for federal income tax purposes: (Check one)

☐ Has Changed During Preceding 12 Months
(If changed, publisher must submit explanation of change with this statement)

PS Form 3526, October 1994 (See Instructions on Reverse)

13. Publication Name: Avian Diseases	14. Issue Date for Circulation Data Below: 1998
15. Extent and Nature of Circulation	Average No. Copies Each Issue During Preceding 12 Months	Actual No. Copies of Single Issue Published Nearest to Filing Date
a. Total No. Copies (Net Press Run)	1587	1525
b. Paid and/or Requested Circulation (1) Sales Through Dealers and Carriers, Street Vendors, and Counter Sales (Not Mailed)	0	0
(2) Paid or Requested Mail Subscriptions (Include Advertisers' Proof Copies/Exchange Copies)	1476	1437
c. Total Paid and/or Requested Circulation (Sum of 15b(1) and 15b(2))	1476	1437
d. Free Distribution by Mail (Samples, Complimentary, and Other Free)	38	38
e. Free Distribution Outside the Mail (Carriers or Other Means)	0	0
f. Total Free Distribution (Sum of 15d and 15e)	38	38
g. Total Distribution (Sum of 15c and 15f)	1514	1475
h. Copies Not Distributed (1) Office Use, Leftovers, Spoiled	73	50
(2) Return from News Agents	0	0
i. Total (Sum of 15g, 15h(1), and 15h(2))	1587	1525
Percent Paid and/or Requested Circulation (15c / 15g x 100)	97	97

16. This Statement of Ownership will be printed in the Oct-Dec issue of this publication. ☐ Check box if not required to publish.

17. Signature and Title of Editor, Publisher, Business Manager, or Owner: Robert J. Eckroade — Date: 11/18/98

I certify that all information furnished on this form is true and complete. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on the form may be subject to criminal sanctions (including fines and imprisonment) and/or civil sanctions (including multiple damages and civil penalties).

Instructions to Publishers

1. Complete and file one copy of this form with your postmaster on or before October 1, annually. Keep a copy of the completed form for your records.
2. Include in items 10 and 11, in cases where the stockholder or security holder is a trustee, the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check box. Use blank sheets if more space is required.
3. Be sure to furnish all information called for in item 15, regarding circulation. Free circulation must be shown in items 15d, e, and f.
4. If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or the first printed issue after October, if the publication is not published during October.
5. In item 16, indicate date of the issue in which this Statement of Ownership will be printed.
6. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.
